Brijesh Kalappa resigns from Congress party

Cites lack of passion after 25 years

New Delhi, June 1 (Agencies)- In another jolt to the Congress in Karnataka, senior leader and Supreme Court Advocate Brijesh Kalappa has resigned from the primary membership of the party.

Kalappa, who joined the Congress in 1997, said his decision stemmed from the fact that he has been "lacking in passion" in the recent past.

On Tuesday night, Kalappa shared on *Facebook* his resignation letter, dated May 30, 2022 to Party President Sonia Gandhi:

"At the outset, I wish to offer my heartfelt thanks to you for the several opportunities you provided to me. If I am recognised as a familiar face in all parts of this extraordinarily large nation, it is indeed thanks to your patronage. It is again thanks to your blessings that I was appointed as Legal Advisor to the Government of Karnataka with the rank of Minister.

Brijesh Kalappa

"I have been representing the party on Hindi, English and Kannada channels since the UPA years in 2013, for almost a decade and have clocked 6,497 debates. Besides, the party has been regularly assigning political work to me which I have performed to the best of my satisfaction.

"Regarding TV debates, I have done my very best at all times and have never ever appeared without adequate preparation for any debate. Even at the worst of times for the party in the aftermath of the 2014 and 2019 debacles, I have never felt enervated and lacking in energy and enthusiasm. But, in the recent past, I have been finding myself lacking in passion, while my own performance has been listless and perfunctory.

"It is under these circumstances that I am left with little option but to resign from the primary membership of the Indian National Congress and to end an association that began in 1997," Kalappa wrote to Sonia Gandhi.

Kalappa was one of the ticket aspirants from the party for the Madikeri or Virajpet Assembly Constituency in Kodagu district, his native place.

EDITOR'S BOTTOMLINE

Man is the supreme among all creations but we often restrict and limit ourselves, shut the door of opportunities and remain average. We don't need more strength or more ability or greater opportunity. Remember, it does not matter what you have, but what matters is what you do with what you have, which takes you where you want to be. Each of our lives can be either an example or a warning. Let us be a living example, a living inspiration, a living role model. Let our life be a continuous flow of learning, earning and returning. Let those who walk into our space become better individuals.

That which you focus on is what you will attract. Never settle for average but focus on abundance. Give up scarcity thinking. Embrace abundance mentally and everything will follow. There is no limit to one's imagination. Your thoughts create your reality. After all, rain fills the size of the vessel. You have got one chance. Excel and exceed all limitations. Don't squander your life by giving a half-hearted performance and putting a fence around yourself. Never forget that you are the pilot of your own destiny. And the decision to keep the engines running or to stay parked on the ground is yours and yours alone. If you want to arrive at your destination, you have to keep the engines running!

REALLY...?

- ***A cockroach can live for weeks without its head: Due to their open circulatory system, and the fact that they breathe through little holes in each of their body segments, they are not dependent on the mouth or head to breathe. The roach only dies because without a mouth, it can't drink water and dies of thirst.***
- ***These pests can even survive being submerged under water for half an hour. They hold their breath often to help regulate their loss of water.***

VOICE OF THE READER

Will the authorities concerned wake up?

Sir,

Though Mysuru city competes for being ranked on the top, there is no consistent effort to keep the city spruced up to present an attractive look by taking timely action to clear the accumulation of debris.

It is often observed that there is a flurry of activities to activate Pourakarmikas in the wake of the inspecting team and after their departure, lapse into usual neglect allowing dirt and debris to accumulate.

The picture shows the footpath adjacent to the University of Mysore compound dumped with excavated soil from the drain on the footpath lying uncleared for many days. It not only obstructs pedestrian movement but also during rains the dumped material gets into the drain. This is indicative of the indifference and downright neglect of Mysuru City Corporation (MCC) to pay attention to take timely action in maintenance.

The other two pictures show the sorry state of footpath on the bridges near Kukkarahalli Lake. Apart from lack of maintenance the footpath is narrowed by allowing the pipes on footpaths. These pipes are enclosed by concrete and gradually it has been done in three tiers almost up to the top of the railing. Besides it increases the load and is dangerous.

During earlier times the MCC Commissioner used to take personal interest to visit the spot. Now even the engineer concerned does not pay spot visit. That is the sorry state of affairs to which work culture has descended. Will the authorities wake up once again?

Woman spends three days with daughter's decomposed body

Mandya, June 1 (Mohanraj&KS)- A mentally disturbed woman, spent three days with her daughter's body at her house in Tamil Colony at Halahalli. Neighbours who went to the house as foul smell was emanating from it, saw the woman's daughter dead and the body had decomposed.

The deceased woman is Roopa (31), who is said to have died about three days back and her mother is Nagamma.

Details: Roopa, who was working as a Home Guard was married to a man from Pandavapura and the couple had two children. After she got separated from her husband about five years ago, she was residing with her mother Nagamma at a house in Tamil Colony at Halahalli.

Roopa had quit work about a year back and according to the neighbours Roopa and Nagamma used to fight frequently but since three days, there was no commotion and the house was silent, which gave rise to doubts but the neighbours had thought that Roopa may have gone out of station.

But on Monday morning, the neighbours observed foul smell emanating from Roopa's house and thought that a rat or an animal may have died. But as the foul smell grew more in the evening, the neighbours went into the house only to find Roopa dead. When the neighbours questioned Nagamma about it, she was unable to tell anything, following which the neighbours informed the Police.

Mandya East Police, who rushed to the house, conducted mahazar, registered a case of unnatural death and shifted the body to the mortuary, where post-mortem was conducted. The cause for Roopa's death would be known only after receiving the post-mortem report.

Preliminary investigation has revealed that Nagamma had not come out of the house even after her daughter's death about three to four days back. Superintendent of Police Yatish said that he has no information about the mental condition of Nagamma and added that information about Roopa and Nagamma will be collected and Nagamma will be subjected to interrogation.

The neighbours have informed the Police that many people used to come to Nagamma's house and frequent quarrels used to take place. The Police are investigating in this angle too.

RS polls: Tight race for fourth seat

Bengaluru, June 1 (KMS&DM)- With six candidates filing their nomination papers for four seats to the Rajya Sabha (RS) from the State, the three main political parties are working out their game-plans to ensure the success of their candidates in the polls to take place on June 10.

With their numerical strength in the State Assembly, the ruling BJP can win two seats and the Congress one seat comfortably with first preference votes.

The BJP has fielded Union Finance Minister Nirmala Sitharaman and actor Jaggesh, while the Congress has fielded former Union Minister Jairam Ramesh.

The JD(S), which does not have the numbers to win a seat on its own, has fielded former MP Kupendra Reddy, with the hope that it can get additional votes of the Congress.

The BJP too has fielded Lehar Singh Siroya and Congress has fielded Mansoor Ali Khan with an eye on bagging the fourth seat.

With no party in a position of their own to win the fourth seat, all the three parties are placing their bets on cross voting, which may help them in sailing through.

In order to get the additional votes of their rival political parties, the candidates for the fourth seat of all the three parties are said to have resorted to horse-trading that could trigger cross-voting in the June 10 polls.

With each candidate required to get 46 first preferential votes, the ruling BJP can win two seats comfortably, while the Congress with 70 MLAs, can easily win one seat.

The question here is which way the additional votes of these two parties will go and the answer will be known only when the results will be out on June 10.

'Vijayendra has a bigger role to play in the coming days'

Nanjangud, June 1- Nanjangud BJP MLA B. Harshavardhan has said if there is a BJP Government in the State, it is because of the role played by B.Y. Vijayendra in the 2019 Assembly by-elections to the 13 Constituencies. Vijayendra should have a bigger role to play in Karnataka politics than just being an MLC.

When the media recently sought his reaction over Vijayendra not getting an opportunity to contest the forthcoming MLC elections, Harshavardhan said, "He has a bigger role to play in the coming days. Of course, we are disappointed that he was not given an opportunity to get into the Legislative Council. We had expected him to get a ticket. At

Vijayendra

Harshavardhan

the same time, there is jubilation because now the path is clear for him to contest the next Legislative Assembly elections. We want him to contest from Varuna and the people of this area are waiting for him to become the candidate."

Harshavardhan said, "This may be a setback for him now but he is our future leader. Vijayendra is still young. We are with him. The party will provide opportunities for youngsters."

Mysuru, June 1 (MTY&BCT)-A free infertility screening camp for childless couples where reputed obstetricians and gynaecologists from the city are screening the couples till June 4 was inaugurated at Santasa Fertility Centre in Lakshmipuram this morning.

The camp has been organised by the Mysore Obstetric and Gynaecological Society (MOGS) in association with fertility specialists of Mysuru as part of 'World Infertility Awareness Month' that is observed every June.

Inaugurating the camp, *Star of Mysore* Founder-Editor K.B. Ganapathy said that fertility clinics have given new hope to childless couples. "Parenthood is a deep desire of everyone and childless couples silently suffer the trauma. The trauma is more for women and it is a painful experience when they face relatives. In this scenario, advanced treatments have given hope and have seen tremendous success," he said.

Comparing rainfall and parenthood, Ganapathy said that like the technology of cloud-seeding is used to bring in artificial rains, processes like In Vitro Fertilisation (IVF) have revolutionised parenthood where couples have experienced a new life, he said and added that though expensive, IVF has provided succour for childless couples.

Star of Mysore Executive Director Ralie Ganapathy asked childless couples to make use of the free screening camp. Though expensive, the treatments will give them hope, she added.

Consultant Urologist of Kamakshi Hospital Dr. Prakash K. Prabhu, who was the chief guest, said that 30 years back, adoption was the only solution for infertility. "Thanks to technology, things have changed and we advise couples to go for IVF now. "If the Government includes IVF in the Ayushman Bharat scheme, it will help a lot of poor and middle-class patients to avail of this treatment," he said.

Mysore Obstetric and Gynaecological Society President Dr. Roopa Prakash presided.

Santasa Hospital Managing Director Dr. Sowmya Dinesh also spoke on the occasion.

City sculptor Arun Yogiraj gets work order for Netaji Statue

Black jade granite stone brought from Telangana for 30-ft statue to be installed at India Gate in New Delhi

Mysuru, June 1 (GA&BCT)- It's official. City-based sculptor Arun Yogiraj will carve the 30-feet statue of Netaji Subhas Chandra Bose which will be installed at India Gate under the grand canopy behind the erstwhile Amar Jawan Jyoti.

It may be recalled here that *Star of Mysore* had first published a report on Apr. 6, 2022, under the title 'Will it be 'Made in Mysuru' statue of Netaji at India Gate?' saying that Arun Yogiraj will be given the responsibility of carving the statue.

A work order has been issued to Arun Yogiraj and team. A large black jade granite stone has been selected and brought from Telangana for the statue to Delhi where the work will be done. The team will stay in New Delhi and carve the impressive statue.

The design of the statue has been done by a team from the National Gallery of Modern Art (NGMA) under the Ministry of Culture, headed by its Director-General, Adwaita Gadanayak.

Yogiraj, known for his portrait work will specifically carve the facial features of the statue and the work is scheduled to be completed by Aug. 15, Culture Ministry officials said. Yogiraj had also carved the 12-feet statue of Adi Shankaracharya at Kedarnath, which was unveiled by Prime Minister Narendra Modi last year.

Speaking to *Star of Mysore,* Yogiraj said that the work order was sent by the Culture Ministry last week and it is a huge responsibility. "Adding artwork to the India Gate is a proud moment for us. My team has already reached New Delhi and I will join them soon and the works will begin from June 3," he said. The Ministry has made all arrangements for the team's stay in Delhi, he added.

Ahead of Netaji Subhas Chandra Bose's 125th birth anniversary, Prime Minister Narendra Modi announced that the freedom fighter's statue will be installed at India Gate to honour his contribution to the independence movement.

The canopy, which was built along with the rest of the grand monument in the 1930s by Sir Edwin Lutyens, once housed a statue of the former King of England George V. The statue was later moved to Coronation Park in Central Delhi in the mid-1960s.

The Prime Minister had earlier given his approval of Yogiraj's version of the statue when he was presented with a two-foot replica in April this year. PM Modi had tweeted later about the meeting with Yogiraj with a picture of the model.

Apart from building the idol of Adi Shankaracharya installed at Kedarnath, Yogiraj's other works include the famous 14.5-feet white marble stone sculpture of Jayachamaraja Wadiyar and the life-size white marble sculpture of Sri Ramakrishna Paramahamsa, both in Mysuru.

Haryana Governor visits Mysore Palace

Haryana Governor Bandaru Dattatreya, who was in city yesterday, visited Mysore Palace where he was received by Mysore Palace Board Deputy Director T.S. Subramanya. After going around the Palace, the VVIP wrote the following in the Visitors Book: 'This Historical Mysore Palace, late Jayachamaraja Wadiyar, his standards of skills of arts, culture, warriors, many mythological monuments are very much impressive. It will inspire future generations on how our heritage was. I compliment the Museum Department for its maintenance and good conditions. It needs many more guides to explain to the general public.'

BVB's gesture to SSLC toppers

Twin brothers K.P. Subbaiah and K.P. Somaiah of Bharatiya Vidya Bhavan (BVB) School in Vijayanagar, Mysuru, who have secured 624/625 and 615/625 marks respectively in the recently held SSLC examinations, were given Rs. 50,000 by the BVB Mysore Kendra to help them pursue further education. Picture shows the students' mother Jayanthi Poovaiah (daughter of Bottolanda Ponnanna of Hinkal, Mysuru) receiving the cheque from BVB Hon. Secretary P.S. Ganapathy as BVB School Principal Vijaya Narasimham and Class teacher Shashikala look on. BVB School has been achieving 100% results in SSLC every year and this year also, out of 148 students, 120 cleared the exam in distinction and 28 in first class.

11 Committees to oversee

(Continued from page 1)

Others included in the meeting were District AYUSH Officer Dr. B.S. Seethalakshmi, District Health Officer Dr. K.H. Prasad, DDPI Ramachandraraje Urs, DDPU D.K. Srinivasa Murthy and KSRTC DC Srinivas. Office-bearers of the Mysuru Yoga Federation were also part of the meeting.

The PM will arrive in Mysuru on June 20 and will stay at Hotel Radisson Blu Plaza and today's meeting discussed the broad guidelines to make the event successful. PM Modi will depart Mysuru soon after the Yoga event.

11 Committees formed

Though no concrete decisions have been taken in view of the model code of conduct for the forthcoming Legislative Council polls from the South Graduates Constituency, 11 Committees have been formed to ensure an incident-free International Yoga Day. Discussions also took place to project Mysuru as a Yoga Hub as the PM's visit will be a big boost to Brand Mysuru.

The names of the Committees have been kept under wraps in view of the model code of conduct. Though media was barred from covering the proceedings of the meeting, sources told *Star of Mysore* that more than creating a Yoga record, the focus will be on PM's security and all decisions have to be mandatorily approved by the Prime Minister's Office (PMO) and the Special Protection Group (SPG) that guards the PM.

Link Yoga idea proposed

While the number of participants in Yoga inside the Palace has been put at a maximum of 15,000, the stakeholders of the Mysuru Yoga Federation proposed the idea of a link Yoga performance where areas around the Palace including Doddakere Maidan, K.R. Circle, D. Devaraj Urs Road, Ramaswamy Circle, Hardinge Circle can be Yoga venues where over 75,000 to one lakh people can perform.

This idea, however, was shot down at the meeting as the focus will be on the PM's security rather than on creating a Yoga record. If all the roads and areas are filled with people, there will be obstructions to the smooth movement of the PM's convoy from Hotel Radisson Blu Plaza to the Palace. Officials felt that this is impractical in view of many emergency exits and entries that will be created by the SPG.

No decision on bus stand shifting

There were reports of Police Commissioner Dr. Chandragupta and MCC Commissioner Lakshmikantha Reddy suggesting KSRTC to shift the City Bus Stand temporarily for two days as the Bus Stand abuts the Mysore Palace and the SPG might consider this as a security risk. However, KSRTC DC Srinivas told *SOM* that he has not got any communication in this regard.

"These things have to be decided by the Government and there must be proper planning. However, we have not received any communication so far," he said.

Who will be present at Palace?

Mysuru District Minister S.T. Somashekar will have to decide on the list of people who would be present inside the Palace fort on June 21. A stage will have to be set up for the PM's Yoga performance and the stage will be erected as per security protocols. Somashekar cannot participate in the meetings now due to the model code of conduct.

Sources said that another high-level meeting will be held in two or three days where the actual plan of action for the preparation will be chalked out. This meeting will be held under the leadership of DC Dr. Bagadi Gautham and AYUSH Department.

Brijesh Kalappa resigns

(Continued from page 1)

Brijesh Kalappa was, however, denied a ticket during the 2018 Assembly election; it was given to former State Public Prosecutor H.S. Chandramouli.

Kalappa's decision to end his association with Congress is another setback for the party which is already dealing with mass resignations of its leaders. In the last five months, Congress has lost leaders like Hardik Patel, Kapil Sibal, Sunil Jakhar, Ratanjit Pratap Narain Singh and Captain Amarinder Singh.

His resignation comes days after popular Kannada actor and former MLC 'Mukhyamantri' Chandru resigned from Congress after being denied a nomination to the Legislative Council.

French Open 2022 Quarter-Final

Rafael Nadal beats Novak Djokovic

Paris, June 1- In the French Open 2022 Quarter-Final, 13-time champion Rafael Nadal beat World No.1 Novak Djokovic 6-2, 4-6, 6-2, 7-6 to enter the semi-finals. He will take on Germany's Alexander Zverev in the last 4. Nadal remains on track for his 14th title at Roland Garros and a record-extending 22nd grand slam title.

It was the Spaniard who was out of the blocks early as he made short work of the Serbian in the initial exchanges to win the opening set 6-2 on a canter. It looked like Nadal would sweep past Djokovic as he went 3-0 up in the second set. But the world No. 1 roared back by getting a double break and eventually closed out the second set 6-4 to level the match. Nadal was not deterred as he grabbed the momentum back in the third set.

Djokovic looked out of rhythm yet again as he went a couple of breaks down and lost the set 2-6. The Serbian is known for his ability to come back from tough situations and he produced a stellar show to break Nadal early in the fourth set and it seemed the match would go into a decider.

But Nadal broke back at 3-5 down and eventually took the set to a tie-breaker. The Spaniard dominated the tie-breaker and eventually closed it out 7-4 to take revenge for his semi-final loss to Djokovic last year.

The two grizzled heavyweights of the sport have traded blows since they first met on this patch of clay back in 2006. Still, in their 59th meeting, the margins separating these two are tiny: the width of a line, the slightest mis-hit, the momentary mis-judgement of an unpredictable bounce.

Mysuru, June 1 (PM&TRR)- "Sri Ganapathy Sachchidananda Swamiji, after becoming a sanyasi, has travelled across the country including Andhra Pradesh and Telangana and has spread the light of knowledge," opined Vishakapattanam's Vishaka Sri Sharada Peeta Seer Sri Swaroopanandendra Saraswati.

The Seer was speaking at a function organised to mark the 80th birthday celebrations of Sri Ganapathy Swamiji organised at Nada Mantapa in Sri Ganapathy Ashram premises on Nanjangud Road here on Monday.

"Sri Ganapathy Swamiji has spread the light of knowledge across the world and is the only saint who propagated the parayana of Gurucharitre. Our country has a tradition of Swamijis and the Sanatana Dharma has spread its roots here. Spread of knowledge and Upasana methods are being taught here through Datta Parayana at Sri Datta Peeta. Junior Pontiff Sri Datta Vijayananda Theertha Swamiji also has a similar vision to that of Sri Ganapathy Swamiji and is following the footsteps of his Guru (Mentor)," added Vishaka Sri Sharada Peeta Pontiff.

Awareness needed on harmful effects of tobacco consumption: Judge Bhute

55 percent children badly affected by consumption of tobacco products, says DHO

Mysuru, June 1 (DM)-Maintaining that creating awareness is vital in the anti-tobacco campaign, Senior Civil Judge and District Legal Services Authority (DLSA) Member-Secretary Devaraj Bhute said that people must be sensitised on the harmful effects of tobacco consumption.

He was speaking at the 'World Anti-Tobacco Day' organised by the District Administration in association with District Tobacco Control Cell at Kote Anjaneyaswamy temple premises at the Palace North Gate here on Tuesday.

Expressing concern that about 8 crore people are becoming victims of tobacco-related diseases, Judge Bhute stressed on the need for first educating the youths on the harmful effects of tobacco consumption.

DHO Dr. K.H. Prasad said that more than 100 crore people of the country are consuming tobacco products in one form or the other, which is alarming.

Maintaining that 10 lakh people are losing their life every year on account of tobacco-related diseases, he said while 10 percent of them die due to smoking, 55 percent children are badly affected by consumption of tobacco products in various forms.

Stressing on the need for staying away from tobacco, Dr. Prasad said that several concerned departments have joined hands in creating anti-tobacco awareness.

District Family Welfare Officer Dr. Ravi, District TB Control Officer Dr. Siraj Ahmed and others were present on the occasion.

Hope-A-Thon held to make Mysuru Tobacco-Free City

Participants taking part in Hope-A-Thon event.

Mysuru, June 1- As part of World No Tobacco Day and to make Mysuru Tobacco-Free City in India, Bharath Hospital and Institute of Oncology in association with Mysuru Gym and Fitness Owners Association had organised Hope-A-Thon (a 3-km walk and 6-km run) from Kote Anjaneya swamy temple here on Saturday.

Hundreds of people including from various colleges took part in the event. Apart from walk and run, pledges were also taken from all the participants, college students and general public to make Mysuru free from tobacco.

Dr. K.H. Prasad, District Health Officer (DHO), Supriya Salian, Chairperson, CII Mysore zone, Dr. B.S. Ajaikumar, Chairman, HCG Bharath Hospital and Institute of Oncology, flagged off the walk and the run. The event was conducted as part of World No Tobacco Day (May 31).

Speaking on the occasion, Dr. Prasad, said tobacco is the main risk factor which is interfering in the lives of Indians and every year 70,000 people die due to tobacco-related cancers.

Supriya Salian, who also spoke on the occasion, gave a call to reduce pollution to improve our health not just for ourselves but also for our children tomorrow.

Dr. B.S. Ajaikumar said, "Many cancer patients come in an advanced stage; 40 percent of them due to tobacco usage suffering from head and neck and lung cancer. We have to ban tobacco. In this regard we have written letters to the Prime Minister and also to all Ministers but we have not got a reply. Government needs revenue but they are least bothered about public health. Hence, it is time to stop tobacco and ban tobacco."

M.S. Harsha, President of Mysuru Gym and Fitness Owners Association, Dr. M.S. Vishveshwara, Medical Superintendent, Bharath Hospital and Institute of Oncology, Nirmala Krishna Murthy, COO, BHIO, C. Narayanagowda, President, Hotel Owners Association were also present.

Helping tobacco farmers grow alternative crops

Mysuru, June 1 - More than 1.3 million people die of tobacco use every year in India and a majority of them are afflicted with cancer. The country, which is the second largest consumer of tobacco in the world, accounts for almost half of all oral cancers and the highest burden of tuberculosis globally.

Not surprisingly, smoking will kill 8 million people each year globally by 2030. Yet tobacco remains to be the single most widely available addictive substance, and can be easily purchased anywhere.

India is also the third largest producer of tobacco in the world, with Karnataka, Andhra Pradesh, Gujarat and UP accounting for almost 80% of total production.

In this direction, phased reduction in tobacco farming and helping farmers shift to a safer and economically viable alternative crop can prove to be a game changer in prevention and control of tobacco use.

In this endeavour, Antardhwani, HCG's independent think tank, has launched the country's first-of-its-kind alternative farming project in Hunsur region, the State's tobacco growing hub.

The project involves 50 tobacco farmers, who are primarily growing sandalwood besides other seasonal fruits in 1 acre of their respective agricultural land, putting the project size to a total of 50 acres in the first phase.

More than 15,000 high grade saplings of sandalwood and over 8,000 saplings of lucrative seasonal fruits have already been supplied to the farmers free of cost.

"We are joining forces with agronomists, ecologists, medical practitioners and other relevant experts to guide decision-making at every step of the process," said Dr. Ajaikumar, Executive Chairman, HCG.

Farmers Kenchegowda, Anil Gowda, Ravindra Gowda and Roop from Hunsur have welcomed alternate crops and have started growing alternate crops like Sandalwood, Sapota and Guava.

WORD OF THE DAY

Fetter

Pronunciation: FET-er.
Meaning: A fetter is a chain or shackle for the feet. Fetter is also used figuratively to refer to something that confines or restrains someone in some way.
Origin: While now used as a more general term for something that confines or restrains, fetter was originally applied specifically to a chain or shackle for the feet. Not surprisingly, the word's Old English ancestor, feter, is etymologically shackled to fōt, the Old English ancestor of foot. Fetter is also used as a verb with meanings that correspond to the noun's meanings: a prisoner can be fettered literally, and a person can feel fettered by obligations or responsibilities.
Example: "The Alaska Constitution was written by a months-long gathering of 55 elected men and women in Fairbanks during the winter of 1955-1956. ... They wanted a legislature free of the fetters that hobbled the older state governments—restraints that had prompted a nationwide outcry for constitutional reform in the years prior to the Alaska Constitutional Convention." — Gordon Harrison

THE ODD WORD

Farandine

Silk and wool cloth.

PHRASE OF THE DAY

Finding your feet

Meaning: That someone is becoming confident in a new situation.
Origin: No one is certain where the expression 'finding your feet' originates. If you have ever seen a newborn animal working its way to a standing position, you might understand why this expression is one that has been around in various forms since ancient times.
Example: "You've only been working here a few days, but you really are finding your feet!"

QUOTE BOX

Heaven is under our feet as well as over our heads. **—Henry David Thoreau**

Jeevanadi Cauvery Awardees

Mysuru, June 1 (GA&TRR)- "The dignity and respect which teachers get from society, is not found in anybody else," opined veteran writer Bannur K. Raju.

He was speaking after inaugurating a function jointly organised by Kaveri Balaga and Hiranmayee Pratishtana at Namana Kala Mantap in Krishnamurthypuram on Sunday to confer Jeevanadi Cauvery Awards to primary school teachers.

Terming teaching as the noblest profession, Bannur Raju said that just like Cauvery river flows eternally, best teachers also remain eternal. "Just like river Cauvery gives life to everybody, teachers teach lessons to improve the knowledge of students. Govt. Schools also have many talented teachers and the society should make proper use of them," he observed.

Stating that Governments should not overburden teachers with other works apart from teaching, he asked the Government not to depute teachers for election related duties as is being done now. Without additional work load they will serve the society even better, he said and asked teachers to share their knowledge to more people even after their retirement.

Retired DDPI Manjula, who spoke on the occasion, felt that in the present education system, priority is being given to score marks rather than imparting humane values. Scoring marks is different from practising humane values. In this connection, we need to introspect whether our education is moving in the right direction, she said.

C.P. Sudhamani, teacher at Govt. Higher Primary School in GB Saragur, H.D. Kote; Marikalaiah, Head Master of Govt. Higher Primary School in Bachegowdanahalli; M.K. Poovamma, teacher at Govt.
